THE
RATES OF
MARCHANDIZES,

AS THEY ARE SET DOWNE IN
THE BOOKE OF RATES, FOR THE
Custome and Subsidie of Poundage,
and for the Custome and Subsidie
of Clothes:

THE SAME BEING SIGNED BY
THE KINGS MAIESTIE, AND SEALED
WITH THE GREAT SEALE OF ENGLAND,
and remaining in his Highnesse Court of Exchequer
at Westminster: And by speciall commaundement
from his Maiestie published in Print, for the
direction of such as it may
concerne:

TOGETHER WITH THE RATES OF
SVCH IMPOSITIONS AS ARE LAIDE
vpon any Commodities, either brought into
the Realme, or carried out of the same, according
to his Maiesties Letters Patents there-
of vnder the great Seale of
England.

James R.

JAMES by the
Grace of God, King of
Great Brittain, France
and Ireland, defender
of the Faith, &c. To
the Treasurer and Ba-
rons of our Exche-
quer, and to all our
Customers, Collectors
of Customes and Sub-
sidies, Comptrollers,
and Surueyors, Sear-
chers, Waiters, Offi-

cers and Ministers, in any our Port, Hauen, or Creeke with-
in this our Realme of *England* for the time being, and to
euery of them: And to all other our louing Subiects, Gree-
ting. Whereas, by an Act of Parliament made in the first
yeere of our Raigne, there is amongst other things gran-
ted vnto vs a Subsidie called Poundage, that is to say, of all
manner of goods and Marchandizes, of euery Marchant,
Denizon, and Alien whatsoeuer he be, carried or to be car-
ried out of this our Realme of *England*, or brought, or to be
brought into the same, by way of Marchandize of the value
of euery twentie shillings of the same goods and Marchan-
dizes twelue pence, and so after the rate, except all manner
of woollen cloth made or wrought, or that shall be made or
wrought within this our Realme, or by euery or any Mar-

chant, Denizon, and not borne Alien, carried or to be carried out of this our said Realme. And all manner of woolles, wooll-felles, and hides, and backes of leather, also carried or to be carried out of this our Realme. And all Wines, and all manner of fresh fish, and Bestiall comming, or that is, or shall come into this our Realme: as in the same Act amongst other things at large is contained. And whereas our late deare Sister Queene MARY, hauing the like Poundage or Subsidie graunted vnto her by a Statute made in the first yeere of her Raigne, and considering that the same Poundage or Subsidie was graunted vnto her for the defence of her Realme, and the safegard of her Seas for intercourse of Marchandizes safely to come in, and passe out of the same. And therefore thinking it expedient that she should be duely answered thereof, towards the maintenance of her said charges, did therefore cause the prices and values of diuers goods and Marchandizes liable to the payment of the said Subsidie or Poundage, to be inquired and examined, and did after cause the said goods and Marchandizes, with their values and prices to be entred and expressed in a Booke, sealed with the great Seale of *England*, and Signed with the hand of our said Sister, and remaining in our Court of Exchequer. According to which Booke, the prices and values of Marchandizes, brought into this Realme, and carried forth of the same, haue sithence the making of the said Booke been taken and esteemed, and the Poundage or Subsidie thereof paid and answered vnto our said deare Sister Queene MARY, and to our late deare Sister Queene ELIZABETH, and to vs accordingly. And whereas we are credibly giuen to vnderstand, that diuers of the Goods, Wares, Marchandizes and Commodities valued and priced in the said Booke, are therein valued and priced at vnder values to our great losse and hindrance: and that diuers of the said Goods, Marchandizes and Commodities, are rated at too high and deere a rate, to the great prejudice and burthen of the said Marchants, as well Subjects as Strangers. And that diuers Goods, Wares, and Marchandizes,

chandizes, both of those that are brought into this Realme, and of those that are transported and carried forth of the same, are not at all valued, priced or mentioned in the said Booke: whereby the said Subsidie or Poundage, hath hitherto been rated onely by the othes of them to whom the said Goods, Wares, and Marchandizes did belong. *We let you wis*, that for reformation thereof, and to the intent that all and singular such Goods, Wares, Marchandizes and Commodities as at any time hereafter shall be brought into this our Realme, or transported and carried forth of the same, shall and may, both for the true answering vnto vs of the said Subsidie or Poundage, according to the true intent of the said Statute, and for the ease of the said Marchants, be reasonably and indifferently rated and valued: We haue of late by our Commission vnder our great Seale of *England*, caused inquirie and examination to be made, what reasonable and indifferent values and prices, may, and ought, according to the true meaning of the said Statute, be rated and set vpon all and every the said Goods, Wares and Marchandizes, for the true answering vnto vs of such Poundage and Subsidie, as by the said Statute, is and ought to be iustly and truely paid vnto vs: and according to such report and certificate as our Commissioners in that behalfe assigned haue made vnto vs: We haue caused all the Goods and Marchandizes chargeable, to and with the said Subsidie, being either brought in, or transported out of this Realme, together with the seuerall kinds, qualities, numbers, waightes, measures and contents of the same, and the values, prices and rates thereof, found and certified to be reasonable and indifferent for the purpose aforesaid, by our Commissioners in this behalfe assigned, to be particularly entred and expressed in this present Booke, containing in leaues written on both sides, thirtie and seuen, to the intent we may be iustly answered of the said Subsidies or Poundage, according to the tenor of the Act of Parliament afore mentioned. *And whereas* also our said late deare Sister, Queene *MARY*, finding the Custome and Subsidie of Woolles, being in

yearly Reuenue very great to diuers her noble Progenitors, to be greatly decayed, because that lesse Wooll was shipped and carried forth of the Realme, and much more Wooll made into Clothes, and carried out of the same in Cloth, by way of Marchandize, then before in the time of her Progenitors had been vsed. And minding in reasonable sort to maintaine the Customes, being the most auncient and certaine Reuenue of her Crowne, did vpon deliberate consideration, in recompence of part of the said great losse, by aduice of her Counsell, asseſſe vpon Clothes carried out of this Realme by way of Marchandize, a certaine rate for the Custome and Subsidie of them, as in a particular declaration thereof, entred in the end of the said Booke, and signed with our said Sister Queene *MARIES* hand, was, and is at large contained. *We giue you further to vnderstand*, that by aduice of our said Commissioners whom we assigned also to consider of our seruice in this behalfe: We haue caused the Rates asseſſed by our said Sister Queene *MARY*, for the Custome and Subsidie of Clothes to be entred and expressed in the end of this Booke: together with a declaration after what rate the seuerall kindes of Clothes therein expressed, haue been and shall be charged with Custome and Subsidie, according to the Rate asseſſed by our said late Sister Queene *MARY*, and continued by our said late deare Sister Queene *ELIZABETH*; which we doe hereby ratifie, approoue, and allow to haue continuance. Wherefore our pleasure and commaundement is, that all our Customers or Collectors of Customes or Subsidies within any Port, Hauē, or Creeke, of this our Realme of *England*, and dominion of *Wales*, for the time being, shall from and immediately after notice to them giuen of this our pleasure, leuie and take vp to our vse the said Subsidie or Poundage of twelue pence vpon the pound, and our Custome and Subsidie for the Clothes, Kerseys, and other Draperies, according to the prices, values, and rates, mentioned and expressed in this Booke, and not otherwise, as they and euery of them will answere vnto vs for the contrarie at their perils. Willing further

ther and commaunding the Treasurer and Barons of our Exchequer, and the Comptrollers and Surueyours for the time being, within any our Hauen, Port, or Creeke of this our Realme, and euery of them to charge the said Collectors and Customers, and euery of them to see vs duely answered of the Customes and Subsidies aforesaid, according to the values, prices, and rates mentioned in this Booke, and none otherwise. Prouided alwaies, and our will is, that if at any time hereafter it shall plainly appeare vnto our Treasurer and Barons of our said Court for the time being, that the Rate, value, kinde, name, length, or content of any Wares or Marchandizes mentioned in this Booke, be miswritten or mistaken in the said Booke, contrarie to the trueth and our very meaning, then they may and shall reforme the same according to the truth and true meaning by vertue hereof. And to the intent this order may take due execution thoroughout this our Realme of *England* and dominion of *Wales*: We will that the Treasurer and Barons of our said Court, shall cause to be deliuered to the Customer or Collector, Comptroller and Surueior of euery our Port, Hauen or Creeke within this our Realme of *England*, and dominion of *Wales*, a perfect duplicament or exemplification of this Booke vnder our Seale of Exchequer, to remaine in the seuerall Custome-houses with our Officers there for the time being, thereby to leuie and answere to vs the said Customes and Subsidies accordingly. And these shall be to them and euery of them a sufficient warrant and discharge in that behalfe. Yeouen vnder our signe Manuell at our Manor of White-hall, the sixe and twentieth day of Nouember, in the yeare of our Raigne of *Great Brittain, France and Ireland*, the second.

James R.

JAMES by the

Grace of God, King
of England, Stotland,
France and Ireland, de-
fender of the faith, &c.
To our right trustie and
right welbeloued Cosin
and Councillor, ROBERT
Earle of Salisburie, our
High Treasurer of Eng-
land: Greeting. It is well
knowne vnto all men of
iudgement and under-

standing, that the care imposed vpon Princes, to prouide for the sa-
fetic and welfare of their Subiects, is accompanied with so great and
heauie a charge, as all the circumstances belonging thereunto, can
hardly fall vnder the conceite of any other, then of those who are ac-
quainted with the carriage of publike affaires. And therefore this
speciall power and prerogatiue (amongst many others) hath both
by men of understanding in all ages, and by the Lawes of all Na-
tions, been yeilded and acknowledged to be proper and inherent in
the persons of Princes, that they may according to their seuerall oc-
casions, raise to themselves such fit and competent meanes, by leauy-
ing of Customes and Impositions vpon Marchandizes transported
out of their Kingdomes, or brought into their dominions, either by
the subiects borne vnder their alleageance, or by strangers resorting
within their territories, or abiding vnder their protection, as to
their

their wisdomes and discretions may seeme conuenient (without preiudice of trade and Commerce) sufficiently to supplie and sustaine the great charge, and expence, incident vnto them in the maintenance of their Crownes and dignities. So we at this time out of many iust and waighty considerations, as well for the exonerating of the Crowne of diuers iust and due debts: as for the supply of many other our vrgent and important occasions, knowne to vs and our Councell, and now particularly for the seruice of Ireland, where we haue sent good numbers of Horse and foote for suppressing a late rebellion, haue been forced to resort to some such course of raising profit vpon Marchandizes passing outwards and inwards, as in former times hath been vsuall, not only by our Progenitors, Kings and Princes of this Realme, but also often in practise among other Nations, as may plainly appeare both by presidents of former and ancient times remaining vpon recorde; and likewise by example of the moderne policie of our neighbour Princes is apparant to the world. And although we haue resolved to lay some kinde of Impositions both vpon certaine forraigne Marchandizes brought into this our Realme, and also vpon diuers natieue commodities and Marchandizes of this our Kingdome; yet to the intent it may appeare what care we haue in all things of this nature to auoide the least inconuenience or grievance that may arise to our people: we haue not onely directed diuers of our Councell, to conferre with the principall Marchants of our Kingdome; for the orderly laying of the said Impositions; but haue also giuen speciall charge in the laying of the same, to forbear and exempt all such Marchandizes Inwards, and Outwards, as are either requisite for the foode and sustenance of our people, or which concerne matter of Munition, necessarie for the defence of our Realmes and dominions, or any other Marchandizes or materials fit and proper for the maintenance and enlargement of trade and Nauigation: neither haue we set vpon any of those Marchandizes, wherewith we haue dealt any such rates, as may giue iust cause to Marchants to raise the price of any Commoditie fit for the vse of the poore, but contrarily we haue brought downe diuers Impositions formerly laide, and generally come farre short of such taxations, as by our Progenitors haue been set and imposed vpon like occasions. In all which by our indifferent carriage and modera-

3
sion we hope it will evidently appeare to all men of understanding; that as we haue not taken this course but vpon iust and necessarie occasions, for the maintenance and preservation of our Crowne and Dignitie; so haue we had such great care, not to discontent our Subiects herein, that when all the said new Impositions, shall be answered and paid vnto vs, the same together with the Subsidie of Poundage, will little exceede that which is already due vnto vs by the Statute, for the said Subsidie of Poundage, made in the first yeare of our Raigae, if the same were duely answered and paid according to the true value of the Goods and Marchandizes mentioned and comprised in the said Statute, vnlesse it be in such Commodities as serue rather for delicacie and delight, then for necessarie use. And that it may further appeare, that in these our proceedings we had respect vnto that which is due vnto vs by the said Statute, we haue caused all those Commodities, which by the information of the Officers of our Customes we found to be ouer valued in the Booke of Rates for Subsidie, to be spared and exempted from all and euery the said new Impositions.

Knowe yee therefore, that for the considerations aforesaid, and for diuers other causes to vs and our Councell well knowne: We haue appointed and ordained, and we doe for vs, our Heires and Successors, appoint, ordaine and commaunde by these presents, That there shall be for euer, from and after the nine and twentieth day of September next ensuing after the date hereof, leuied, taken and receiued by way of Imposition, now newly set, ouer and besides the Customes, Subsidies, and other dueties heretofore due and payable vnto vs, vpon all Marchandizes, of whatsoever kinde, nature or qualitie, which from and after the said nine and twentieth day of September next comming, shall be either brought from any part beyond the Seas into this our Realme of England, Dominion of Wales, and Towne or Port of Barwick, or into any of them, or which shall be transported and carried forth of the same our Realme of England, Dominion of Wales, and Towne or Port of Barwick, or out of any of them, to any Forraigne parts by any person or persons whatsoever, as well our Naturall borne Subiects, as Denizons and Strangers, iust so much for the said new Imposition, as hath been and is now answered and paid vnto vs for the

*Subsidie of the said Marchandizes, and neither more nor lesse: Whether the same be such Marchandizes as are rated in the said Booke of Rates, or such as are to be valued by the oath of the Owner of the same: Excepting such Marchandizes onely, as in a Scedule hereunto annexed are expressed, which are either altogether freed and exempted from payment of any of the said new Impositions, or else are appointed and set to pay the same in such proportion, as is either more or lesse then the Subsidie payable for the same: as in the saide Scedule is more plainly, distinctly, and at large expressed. Wherefore we doe by these presents giue authoritie and power, and doe also straightly charge and commaund you, that forthwith vpon the receit hereof, you giue order, direction and commaundement, vnto all Customers, Collectors, Comptrollers, Surueyors, Searchers and other our Officers and Ministers of all and euery our Ports, Hauens, Creekes, and other places, where it shall be needfull, or to such other Person, or Persons, as you shall thinke fit to nominate, appoint and authorise for that purpose. That they, and euery of them, shall demaunde, leuie, and take, of all Englishmen, Aliens, Denizons, and Strangers, and all and euery Person and Persons whatsoever, which shall after the said nine and twentieth day of September next comming, conuey or bring into this our Realme of England, Dominion of Wales, and Port or Towne of Barwick, or any of them: or which shall after the said nine and twentieth day of September next ensuing, transport, or carrie forth, or cause to be transported, or carried forth of the same our Realme of England, Dominion of Wales, and Port or Towne of Barwick, or any of them, any Goods, Wares or Marchandizes whatsoever, euen so much for, and by way of the said new Imposition, as hath been and is now answered and paid vnto vs, for the Subsidie of the said Marchandizes: whether the same be such Marchandizes, as are rated in the said Booke of Rates for Subsidie, or such as are to be valued by the oath of the Owner of the same: Excepting such Marchandizes onely as in the said Scedule hereunto annexed are particularly named and expressed, which are either altogether freed and exempted from paying any of the same new Impositions, or are appointed and set to pay the same in proportion, more or lesse then the Subsidie payable for the same: as in and by the same Scedule is more particularly, sene-
rally,*

5
rally, and at large expressed: unto which Scedule containing our full and perfect meaning for and concerning the Commodities and Marchandizes therein named, we wholly referre you. And that no Marchant, nor other Person or Persons whatsoeuer, Denizon or Stranger, shall by our said Officers, be permitted to make entrie of any Goods, Wares or Marchandizes whatsoeuer, in any of our Customehouses Inwards, or Outwards, in any the Ports or places of our said Realme and Dominions, except the said Marchants and other person and persons, and euery of them respectiue shall, and doe answere and pay unto vs, the seuerall Impositions and sommes of money, by these presents set and imposed to be Leuied, Collected, and Receiued, for, and to the use, of vs, our Heires and Successors, vpon and for the same: vpon paine of our heauie indignation and displeasure, and as they will answere the same at their vitermost perils.

And for the better maintenance and increase of Trade and Commerce, in all Forraigne Commodities, we are graciously pleased, that euery Marchant naturally borne Subiect, Denizon and Stranger, which shall shippe and transport to the parts beyond the Seas, either by Cocquet as Marchandizes paying Subsidie, or by Certificate as Marchandizes freed from payment of Subsidie, by vertue of our Letters of Priuie Seale, bearing date the foure and twentieth day of September, in the second yeare of our Raigne of England, France, and Ireland, &c. Any Forraigne Commodities, which haue been formerly brought into our said Realme, and Dominions, and the new Impost now set, and due for the same, being first payed and answered inwards: either by himselfe, or by any other Marchant: he shall haue repaide vnto him by the Collector of the said Impost Inwards, all such somme and sommes of money, as were formerly payde for the said Impost of the said Marchandizes, at or before the first landing of the same, vpon due prooue first made, by the said Marchant by himselfe or others, both of the true payment of the said Impost Inwards, and also of the true Shipping and Transporting a-gaine of the said Marchandizes Outwards: which prooue shall be made in manner and forme following, that is to say: Euery Marchant and other Person and Persons so Shipping forth any Forraigne Commodities, whereof the said Impost hath been first payde

Inwards,

B 3.

Inwards, shall bring to the Collector of the Subsidie outwards, a Certificate from the Officers Inwards, who doe usually make such Certificates, expressing both the quantitie and qualitie of the said Goods, and also the day and time when the said Imposition was paide or compounded for Inwards, with the name or names of the Marchants that paide or compounded for the same: upon which Certificate, the said Collector outwards, his Comptroller or Surueyor, shall take the oath of the Marchant Owner thereof, if he be within the Realme, or if he be out of the Realme, then the oath of his knowne Factor: That all the Goods mentioned, and contained in the said Certificate, are Forraigne Commodities, and no Manufactures or native Commodities of this Realme; and that the said Imposition due for the same, was truly answered, paide, or compounded for, at, or before the first landing thereof. But if the Marchant or Factor cannot so take his oath, because the said Goods were not first brought in, nor the said Impositions due for the same, paide by him: Then he shall procure the Marchant who first brought in the said Goods, and paide the said Impositions for the same, to make prooffe thereof to the said Collector, his Comptroller or Surueyor, by his oath as aforesaid: (if he be within the Realme) or by the oath of his knowne Factor, (if he be out of the Kingdome) or by such other prooffe for preuention of fraudulent practises, as to all the aforesaide Officers shall seeme reasonable and conuenient, upon which prooffe or prooffes so made respectiue, as aforesaid, by the said Marchant, or Marchants, The said Collector outwards, his Comptroller and Surueyor, or any two of them (whereof the Collector to be alwaies one) shall make a Certificate to the Collector of the said Impos^t Inwards, expressing the day of the Entrie, the Marchants name, the quantitie and qualitie of the Goods, the Shippe and Maisters names, wherein the same goods shall be Shipped, and also for what Countrey they are to be transported. And the Searcher shall also certifie vnder the said Certificate, that all the said Goods were shipped, the day when, and the place where, the same Goods were shipped, and that he was present at the shipping of them, and thereunto shall also subscribe his name: and the Marchant Owner thereof, if he be within the Realme, or if not, his knowne Factor shall bring the said Certificate to the Collector of the said Impos^t Inwards, and before him shall take his oath,

oath, that he hath both shipped, and transported, all the Goods mentioned and contained in the said Certificate; and that the same, nor any part nor parcell thereof, shall againe be landed or discharged within any of our Dominions: whereupon he shall receive of the Collector of the said Imposition Inwards, all such somme and sommes of money, as shall be so prooued, to haue been formerly paide for the said Imposition of the saide Goods and Marchandizes, shipped forth as aforesaid. And euery of our said Collectors of our said Impositions Inwards, shall from time to time haue allowed and defalked vnto him or them, in the passing and determining of his and their accounts, for the said Impositions, all such somme and sommes of money as shall appeare by the saide Certificates, to haue been by any of them so repaied againe to any Marchant, or other persons, for Goods and Marchandizes, so shipped and transported out of our Realme and Dominions aforesaid, or out of any Port, Hauen, Creeke, or place, of them, or any of them as aforesaid. And whereas by our Letters Patents vnder our Great Seale of England, bearing date the first day of Iulie instant, we haue also set and Imposed some Impositions vpon dying Woods, as by the same our Letters Patents may appeare: Touching the same our will and pleasure is, that no Imposition shall be repayed againe vnto any Marchant, or other person whatsoeuer, for and vpon the Transportation or shipping forth of any the dying Woods, in our said Letters Patents meant or mentioned, but for and vpon the passing forth of such of the said dying Woods onely in manner and forme as is limited in the said Letters Patents, as by the same may more plainely and at large appeare. And likewise our will and pleasure is that no allowance or repayment of any somme or sommes of money, receiued and to be receiued, for the Imposition, for and vpon any sort, or kinde of Wines, or for and vpon any Currants, Tabaco, Garble of Spices, or Drugges, shall be made to any Person, or Persons, shipping forth the said Commodities or any of them, in any other manner of sort then by our Priuie Seale bearing date the foure and twentieth day of September, in the second yeere of our Raigne of England, France and Ireland, &c. made in that behalfe, is expressed and allowed, Except for light Pepper, rumpes of Nutmegs, fusses of Cloues, the Impositions
whereof

whereof we are pleased, shall be repayed and defalked, according to the order before mentioned for Goods and Marchandizes paying the said Impositions by vertue of these presents.

And for the better encouragement of all Marchants to proceede cheerefully in their Trades of Marchandizing: We are further graciously pleased; That the said Marchants shall be fauourably dealt withall, in the said new Impositions, and rather to forbear and remit some part of the said Impositions, then by carrying any hard hand in the Collecting thereof to giue cause of the least dislike to any of them: And therefore our will and pleasure is, that euery Marchant whether he be our Naturall borne Subiect, Denizen, or Stranger, that shall enter any Marchandizes in the Port of London Inwards: shall haue allowed vnto him in his Entrie, all such allowance and allowances, of five in the hundreth or otherwise, in the said new Impositions as haue been formerly made and allowed by our Farmers in Custome and Subsidie; and as in a table of Fees, hanging in the Custome house of the said Port is expressed. And whereas the paines and trauels of our Officers, and of such Clarkes and others as are by them employed, in and about the said Impositions (especially in our Port of London) will be much increased, We are also pleased, that all such Fees and duties, as formerly haue been, and now are paid vnto our said Officers, and are set downe and expressed in the said table; shall by the Marchants be continued, and from henceforth paid vnto them, and such further allowance be made vnto the Clarkes, whose paines will be much increased (by the execution of this seruice) as to our said Treasurer for the time being shall seeme fit and conuenient.

And to the end that the particulars of these new Impositions may be the more generally knowne to all men whom the same may concerne; Our will and pleasure is therefore, that the same shall be in particular and distinct manner expressed in a Booke of Rates, in such forme as is already used for Subsidie. And because in many particulars, the somme and sommes of money which are to be paid for the said new Impositions, will come vnto such vnequall parts of a pennie as will not easilie be vnderstood. Our will and pleasure further is that the same, or like course shall be taken and obserued therein, which is now used in our Booke of Rates for Subsidie: (viz.)

that

that there shall be a particular value of euery Commoditie expressed, according to which value the said new Impositions shall be paid by way of Poundage; or after the rate of tweluepence for the value of euery twentie shillings, and so for all Commodities after that rate: Excepting for Wines, the Impost whereof shall be plainly expressed without any value. And for so much as diuers inconueniencies haue formerly growne by false and corrupt Impresions of our Booke of Rates for Subsidie, by reason that men vnskilfull, and altogether ignorant in Custome affaires, haue taken vpon them the Printing of the same: We doe hereby expressly forbid and straightly charge and commaund, that no Printer, Stationer, nor other person or persons whatsoeuer, shall at any time hereafter entermeddle with the Printing or publishing of any of our said Booke or Bookes of Rates for Subsidie or Impost; but onely such, as by the direction, and speciall appointment and ouersight of such person or persons, as by our Treasurer of England for the time being, shall be nominated, appointed and authorised thereunto, by speciall warrant vnder his hand and seale, vpon paine of our high displeasure, and such further punishment as by the Lords and others of our Priuie Counsell shall be thought fit to be inflicted vpon him or them so offending, for such their contempt. And these our Letters Patents, or the inrollement or exemplification thereof shall be as well vnto you our said Treasurer of England, as to all other our Officers and Ministers, to whom it shall or may appertaine, and to euery of them a sufficient warrant and discharge for the doing and performing of all and singular the premises, according to our true intent and meaning in and by the said Scedule hereunto annexed, and in and by these presents, mentioned and expressed: Any Law, Statute, Ordinance, Order, Constitution, or Use heretofore made to the contrarie notwithstanding. In witnesse whereof we haue caused these our Letters to be made Patents. Witnesse our selfe at Westminster the eight and twentieth day of Iulie, in the sixth yeare of our Raigne of England, France and Ireland, and of Scotland the one and fortieth.
